

# Marine & Outdoor Tubbies

- Bazooka Tubbies have been Salt, Fog and UV tested.
- Bazooka Wake Tower Speakers are the only front Vented speakers which extends the mid bass frequencies.
- All Speakers in the Tubbie include:
  - 12dB Crossovers
  - Butyl Rubber Surround
  - Composite Baskets
  - Tweeters that are suspended rather than pole mounted which insure water cannot get into the Voice Coil motor structure.
- Stainless Steel mounting Screws and hardware

## SINGLE ENDED

## DOUBLE ENDED

## COMPRESSION HORN

# NOT JUST FOR *BOATS!*

Using our **universal clamps** or our **surface mount bracket**, our tubbies have been used on:

- |                       |                     |
|-----------------------|---------------------|
| <b>Jeeps</b>          | <b>ATVs</b>         |
| <b>Golf Carts</b>     | <b>UTVs</b>         |
| <b>Truck Beds</b>     | <b>Toy Trailers</b> |
| <b>Bulldozers</b>     | <b>RVs</b>          |
| <b>Farm Equipment</b> | <b>Porches</b>      |

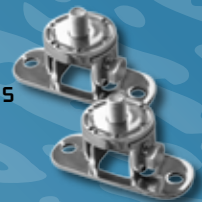

Our tubbies are inexpensive enough that consumers will consider using them for all their outdoor applications not just for a \$60,000 boat.
