

# 12"

## ***Bass Tubes<sup>®</sup> Enclosure***

The all new 12 is available in two versions, the 4 ohm single voice coil BT1214, and the dual 4 ohm voice coil BT1224DVC. Borrowing from the designs of its legendary predecessors, the 12 inch Bass Tube Enclosure is a ported design for maximum efficiency

**BT1214/BT1224DVC**

**Bazooka – Experience More!**

The enclosure, coupled with a specially designed 12 inch subwoofer offers substantial output over conventional sealed enclosure designs. When powered by even modest amplifiers, the BT1214 provides deep, hard hitting bass sure to please even the most bass starved music lover. The size, shape, and design of the BT1214 and BT1224DVC make them ideal for enthusiasts in SUV's, sedans, and hatchbacks.
