

TUBBIES

NEW Slim line aerodynamic design Improved larger 6.5" coaxial in the Double Ended models Automotive paint finish • Internal HIDDEN wiring 360 degree rotation • Quick disconnect clamps

Our new Lighted design has an LED Light cluster in one end that is bright enough to light up your entire bow area when you're partying at the sand bar. Or, you can even loosen the clamp and swivel it so there's plenty of light to unload your gear onto your dock on those

late evenings coming in off the lake! Featuring the same unprecedented performance, ported enclosure, true Marine grade speakers, composite baskets, 12dB crossovers, and stainless steel mounting hardware this next generation of Bazooka Tubbies are our best yet.

LIGHT KITS

Designed to easily integrate into our NEW slim line Tubbie enclosure this new LED Dock Light Kit is easy to install. Just unscrew the backplate on your Tubbies, connect the wires, and screw the light into place. That's it! Light emmits white color.
