2nd Source input

Source

CSA-2
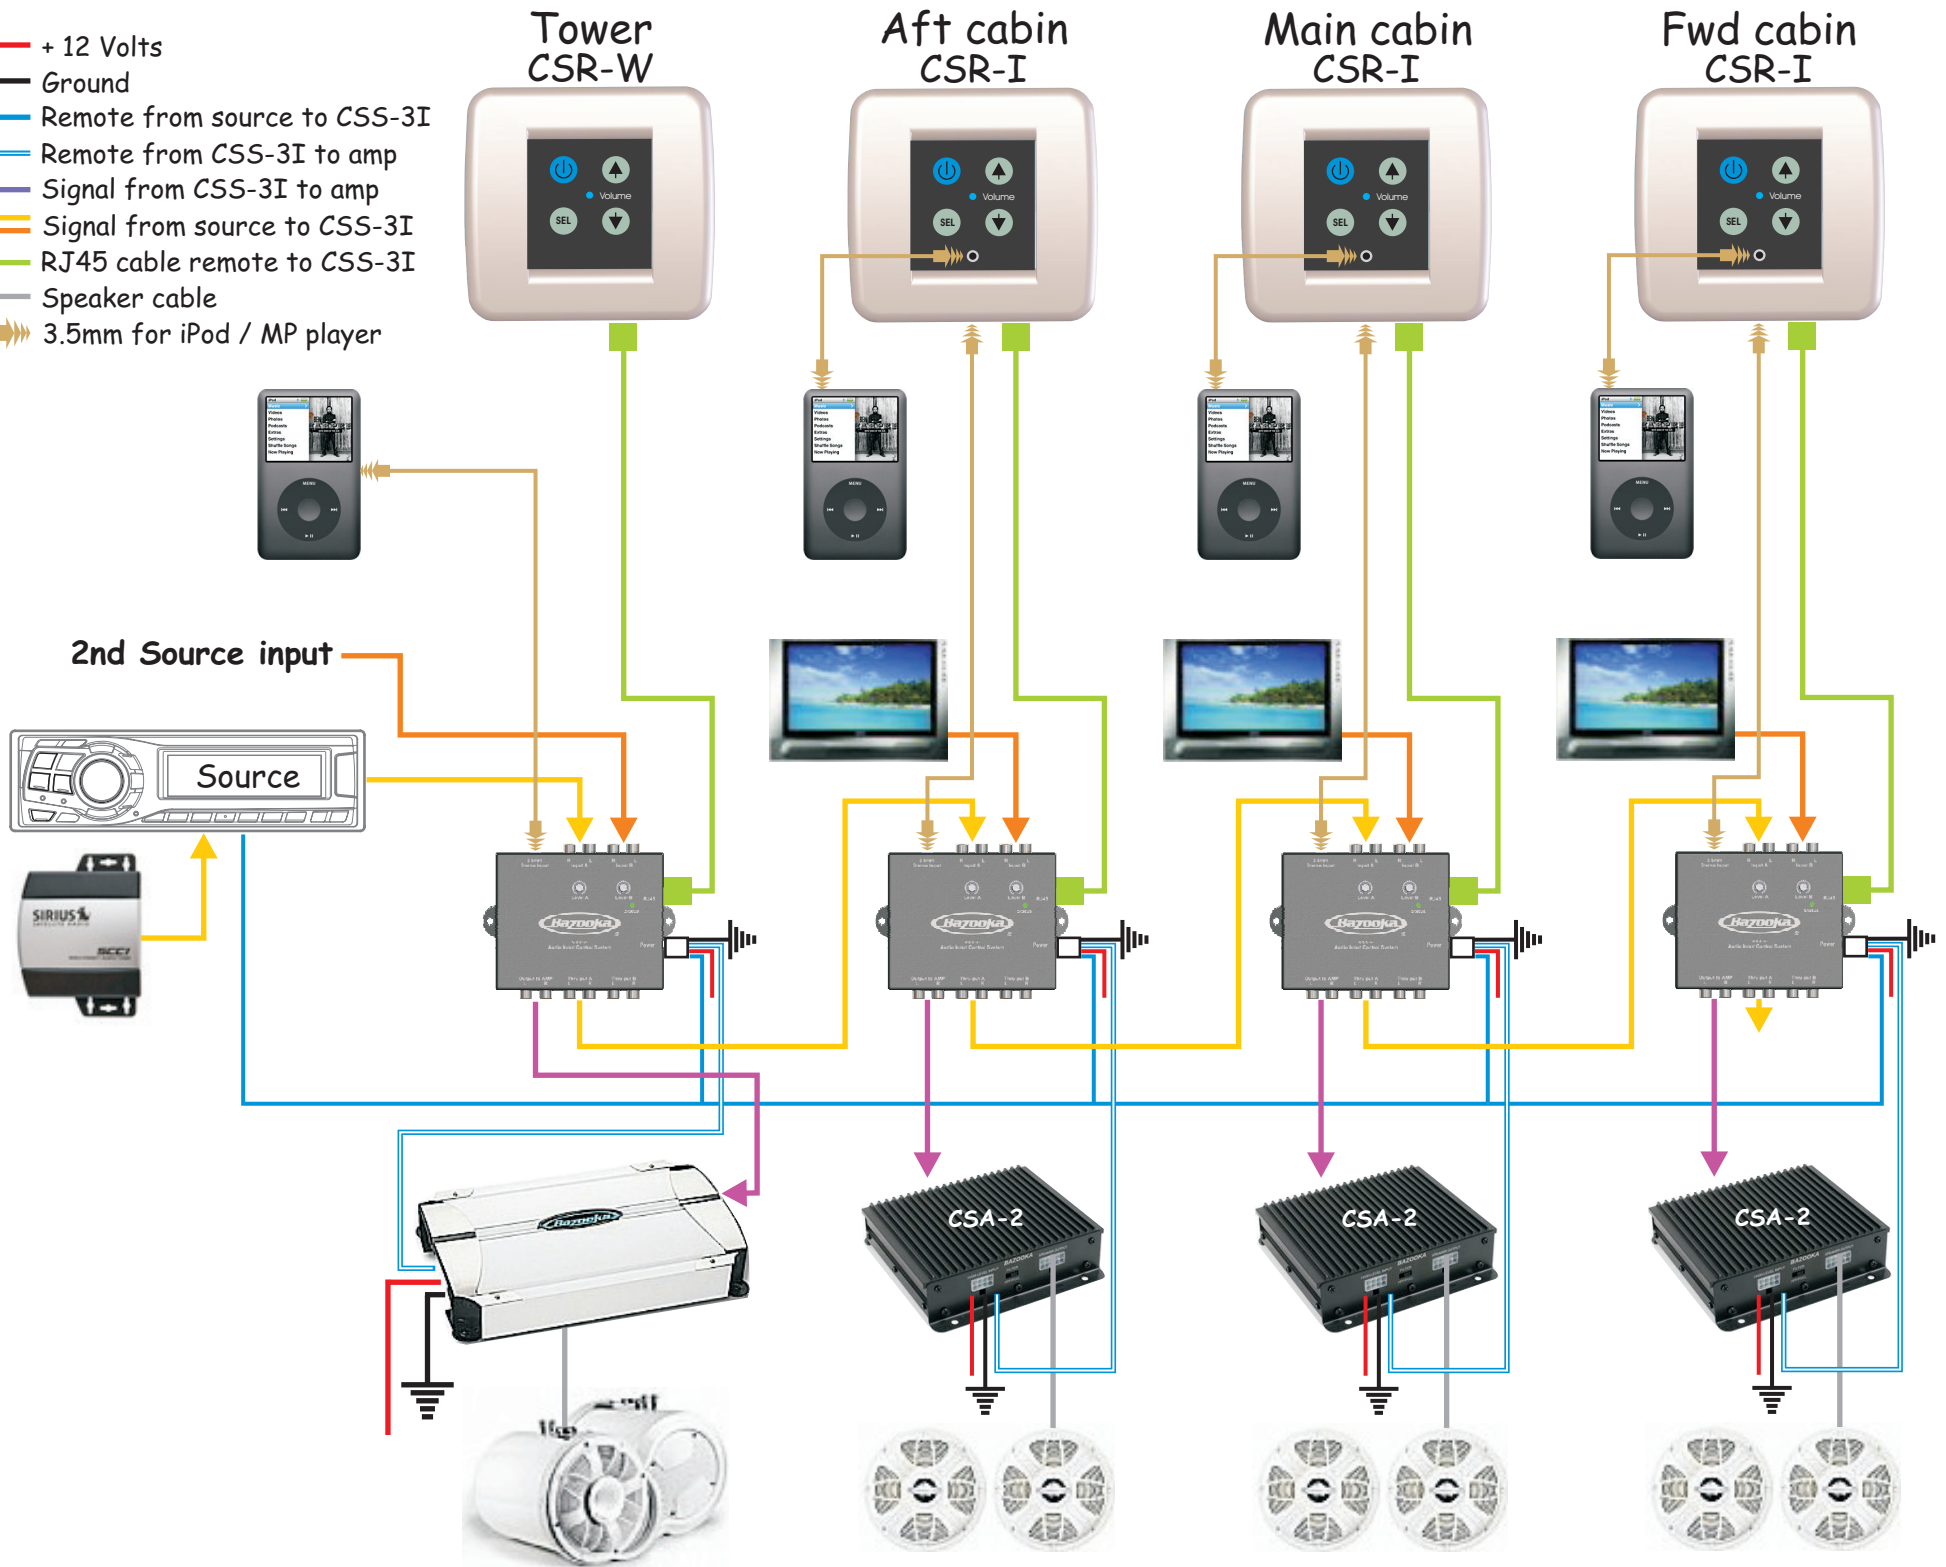

Waterproof & Interior remote sequence of operation

Depressing the SEL button toggles A/B/C ("C" being the 3.5 input jack.)

A or B

Connecting the 3.5 jack automatically switch's the source to "C"

C

A

B

Depressing the SEL button toggles the source to "A"

C

A

B

Again depressing the SEL button toggles the source to "B" and depressing it a third time back to "C"

C

A

B
